

COLLABORATION FRAMEWORK

As key players in our society, companies form part of the social fabric that shares a concern for animal welfare. For this reason, we aim to create a common working space with companies and entities that allows us to build long-term relationships based on trust and transparency.

To create a joint framework for work and cooperation, we ask companies wishing to collaborate to align with the organization's mission and vision, to demonstrate socially responsible behavior, and to fully respect:

- **Animal welfare**

- **Companies related to animal cruelty in any field**
- **Extractive industries**
- **Gambling and betting**
- **Political parties**
- **Tobacco**
